

CHIPPER BLADES

SIMONDS

BROUGHT TO YOU BY LEONARDI, FROM SIMONDS

Leonardi Manufacturing is a long standing representative of Simonds brush chipper blades, which come equipped on most new brush chipper machines. These blades are grade A8 chipper steel from a domestic source and manufactured in the USA.

Leonardi sells blades for almost any machine. Call our sales assistants at **1-800-537-2552 with your blade specifications and we will let you know if we carry your blade size.**

Leonardi can also sharpen your blades! We will professionally sharpen your brush chipper blades at the cost of \$1.25 an inch and takes about a week to ten days.

Leonardi also carries the corresponding anvils to fit most brush chipper machines. These anvils come in a variety of different shapes and sizes. Therefore, it is crucial that you know the exact specifications of your anvil before placing an order.

Simonds Chipper Blades fit these models:

- Morbark
- Vermeer
- Wayne
- Mitts & Merrill
- Brush Bandit
- Promark
- Asplundh
- And Many More!
